"Empowering Growth for Renewable Leaders"

Brand Vision

At AURELON, we revolutionize the path to growth and sustainability for small to mid-sized renewable energy businesses. As a performance-driven marketing agency, our mission is to empower solar (PV) installation companies and heat pump providers by seamlessly integrating targeted advertising with strategic sales enablement. We transcend traditional marketing boundaries by deeply understanding our clients' audiences, optimizing internal sales structures, and implementing efficient follow-up processes. Our aim is to not only generate qualified inquiries through highly optimized lead generation campaigns but to bridge the gap between marketing and closing, ensuring tangible business growth.

We stand for trust, innovation, and a professional approach, employing a modern aesthetic that combines warm, inviting colors with stable neutrals, projecting a premium yet accessible image. Committed to local enterprise growth, we will achieve our goals through collaboration that emphasizes real-world impact, reliability, and forward-thinking strategies, aligning our initiatives with the core values of trust, clarity, and competence that our clients prioritize. Ultimately, AURELON is dedicated to being the catalyst for sustainable success and advancement in the renewable energy sector.

Brand Voice

"Empowering, Insightful, and Authentic, AURELON speaks with a calm confidence that reaches the heart of renewable energy entrepreneurs. Our voice bridges the technical and the strategic, delivering clarity and trust through every communication. We are seasoned partners — professional yet approachable, lending expertise and foresight to our clients' growth journeys. With us, success is a collaborative endeavor, underscored by innovative solutions and unwavering support. AURELON communicates with a warm professionalism that inspires action and reassures our clients that we are as invested in their outcomes as they are."

Lockup
Logo.

The Lockup logo typically refers to a design featuring a symbol or wordmark that is tightly structured or “locked” together to communicate strength, security, or unity. A “lockup” can involve the combination of graphic elements, such as an icon and text, arranged in a fixed way to convey a brand’s identity or message cohesively.

AURELON

Lockup
Logo Mark.

A lockup logo mark typically refers of a logo (symbol or mark). This is the graphic element or symbol that represents the brand. It could be a custom-designed icon, abstract shape, or visual element that carries the brand's identity.

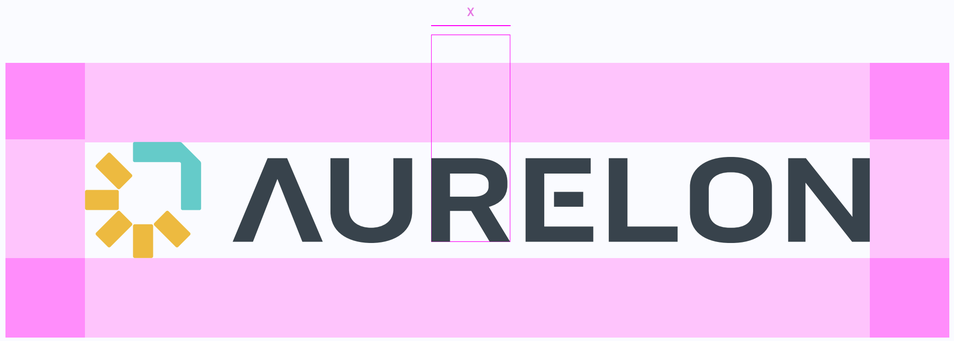
Clearspace
Logo.

Clearspace logo is the term for a specific amount of space that a logo must have on all sides, no matter where it is used. The reason for clearspace is to ensure that a logo maximizes visibility and impact. Maintaining proper clearspace helps ensure the logo looks professional and doesn't lose its visual impact in crowded designs.



Clearspace
Logo Mark.

Clearspace logo mark is the term for a specific amount of space that a logo mark must have on all sides, no matter where it is used. The reason for clearspace is to ensure that a logo maximizes visibility and impact. Maintaining proper clearspace helps ensure the logo mark looks professional and doesn't lose its visual impact in crowded designs.

Primary
Colors.

These are the core colors of the brand or design. They are the most prominent and are used frequently across the brand materials, such as logos, websites, and packaging. A primary color palette usually includes key colors.

Primary Color - 01

Primary colors are the foundation of color theory. They are colors that cannot be created by mixing other colors together. They serve as the building blocks for all other colors.

In use

Typography.

In-use typography refers to how a specific typeface or font is applied and utilized in various design contexts, such as in digital and print mediums. It's not just about choosing a font but about how that font is styled, arranged, and integrated into the design to ensure readability, visual appeal, and effective communication.

Icons and Typography.

Icons and typography are both essential design elements used to communicate messages visually. They work together in many designs—whether it's a website, an app, or branding materials—to convey meaning quickly and effectively. Each plays a distinct role, but when paired well, they enhance the user experience and design cohesion.
